Description

Taking its styling leads from the highly successful 28 Metre Yacht this new elegant Sunseeker 95 Yacht also brings some new features to the fore. A 1000 Nautical Mile range gives the 95 Yacht great potential for extended cruising but also offers up to 28 Knots for those looking for thrills. Please contact us for more information.

Layout / Interior

This 95 Yacht is a 5 cabin layout. The twin level Owner's Stateroom is filled with light by the use of a double aperture window, which allows light through the hull structure and also the stateroom walls themselves. The main saloon, which is structurally supported in a unique way, allows extra light to engulf this vast area, which is more than is possible on a traditional craft. With the separate Raised Pilot House, the 95 Yacht offers a commanding view whilst underway and means the crew can move about the craft with little disturbance to guests.
